TUFF STUFF

a new generation of high performance linings

Anaglypta
SINCE 1887

THE POWER OF TUFF STUFF

TUFF STUFF is a high performance lining paper delivering great results every time.

Twice as strong as many conventional lining papers thanks to its 'two products in one' formula.

CONVENTIONAL LINING

PAPER FIBRES ONLY

TUFF STUFF

PAPER FIBRES REINFORCED WITH TEXTILE FIBRES

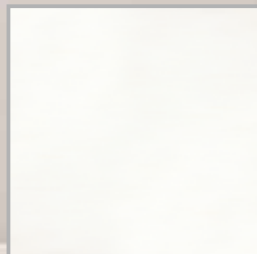

Textile fibres not only provide strength and reinforcement to cracked or crumbling surfaces but also provide additional resistance to shrinking whilst drying.

CONVENTIONAL LINING

CRACKS AND TEARS CAN RETURN WITHIN DAYS

TUFF STUFF

TUFF STUFF REINFORCES AND RESISTS RECURRENCE OF CRACKS

APPLICATION IS EASY

Strength and stability ensure TUFF STUFF is easy to use delivering perfect results that are resistant to expansion and shrinkage. We recommend paste the wall technique for speed but TUFF STUFF is perfectly compatible with conventional hanging techniques.

1. MARK OUT WALL

2. PASTE WALL OR PAPER

3. APPLY PAPER

4. TRIM EDGES

5. TRIM CORNERS

6. DECORATE WITH PAINT OR DECORATIVE WALLPAPER

ADHESIVES

We always recommend using a good quality ready mixed adhesive for application that will deliver the high quality and long lasting bond that TUFF STUFF deserves.

VERSATILITY BUILT IN

TUFF STUFF is very easy to apply using paste-the-wall techniques ensuring wider and longer rolls are easy to handle - so that is what we offer, wider rolls that save even more time and money whilst reducing the overall number of seams.
